DEDICATION

Mr. Heglar, we, the students of Rosalia High School dedicate the 1970 SPARTAN to you. We hope to show our sincere appreciation for all your help in building our high school football program and of course coaching the baseball team to the first County Championship for Rosalia in ten years. This year for the first time in many years you have made the Lettermen's Club and White Shirt Gang two organizations that have really added to the unity of our school.

Because of your outstanding effort and interest in total school athletics we received the universal gym for the benefit of all. Not only have your interests been focused on the school, but you have taken it upon yourself to start an adult physical education course in the evenings.

For these unselfish contributions we wish you the best of luck in your future years at RHS.

A characteristic feature of modern society is its constant flux. It seems that the one thing our graduates can rely on is that society will be ever changing, shifting, and developing. Meeting the needs of that society will be both challenging and exciting. Tomorrow's leaders will have to be flexible and creative because the problems they must solve are momentous ones. Man must find his way to lasting peace--without war or threat of war--to true brotherhood, and to life in a clean environment. I pray--and at the same time am confident--that the Class of 1970 is ready to meet these challenges.

Fred R. Broyles

Principal

ADMINISTRATION

Superintendent

We are in a period of turmoil - but do not despair. The world was in turmoil when the present older generation took over. You will soon have your chance to help bring about order and justice. But remember your responsibilities, be able to offer better plans or ideas before the present ones are discarded.

Best Wishes,
Robert L. Meserve

Our Junior year was a very successful one. Besides three mixers and two concessions, we had a car wash and bake sale. On April 4th we held our Prom, Oriental Gardens. The Juniors have indeed left their mark in R.H.S.

This year the sophomore class really pulled through. We had one mixer during the year, and ended the year with our work day. All though it doesn't sound like it, we really have an ambitious class and expect to do great things as juniors.

This year's Frosh class has really had an exciting year. The bonfire was a success considering the size of our class. This spring we had a bake sale and car wash for our work day. The Frosh will agree that this year has been one to remember!

Football is the type of game in which we hope to teach attitudes of sacrifice, self-discipline, and determination. This year's team worked hard to attain these attitudes, we may not have attained these goals in all cases but the young men that stayed with our program benefitted from it, and will always be able to feel that they helped start a new era in athletics at Rosalia High School.

PEP CLUB

The Pep Club supported the team by attending and yelling at all the games again this year. We made signs to hang in the halls of the high school to support school spirit. We accepted seven new members, Barbara Campbell, Janice Cannon, Lou Ann Kjack, Cheryl Blank, Monica Dowling, Betty Trull, and Teresa St. John. We presented a skit at each of the banquets in honor of the Senior boys.

JUDGING TEAM

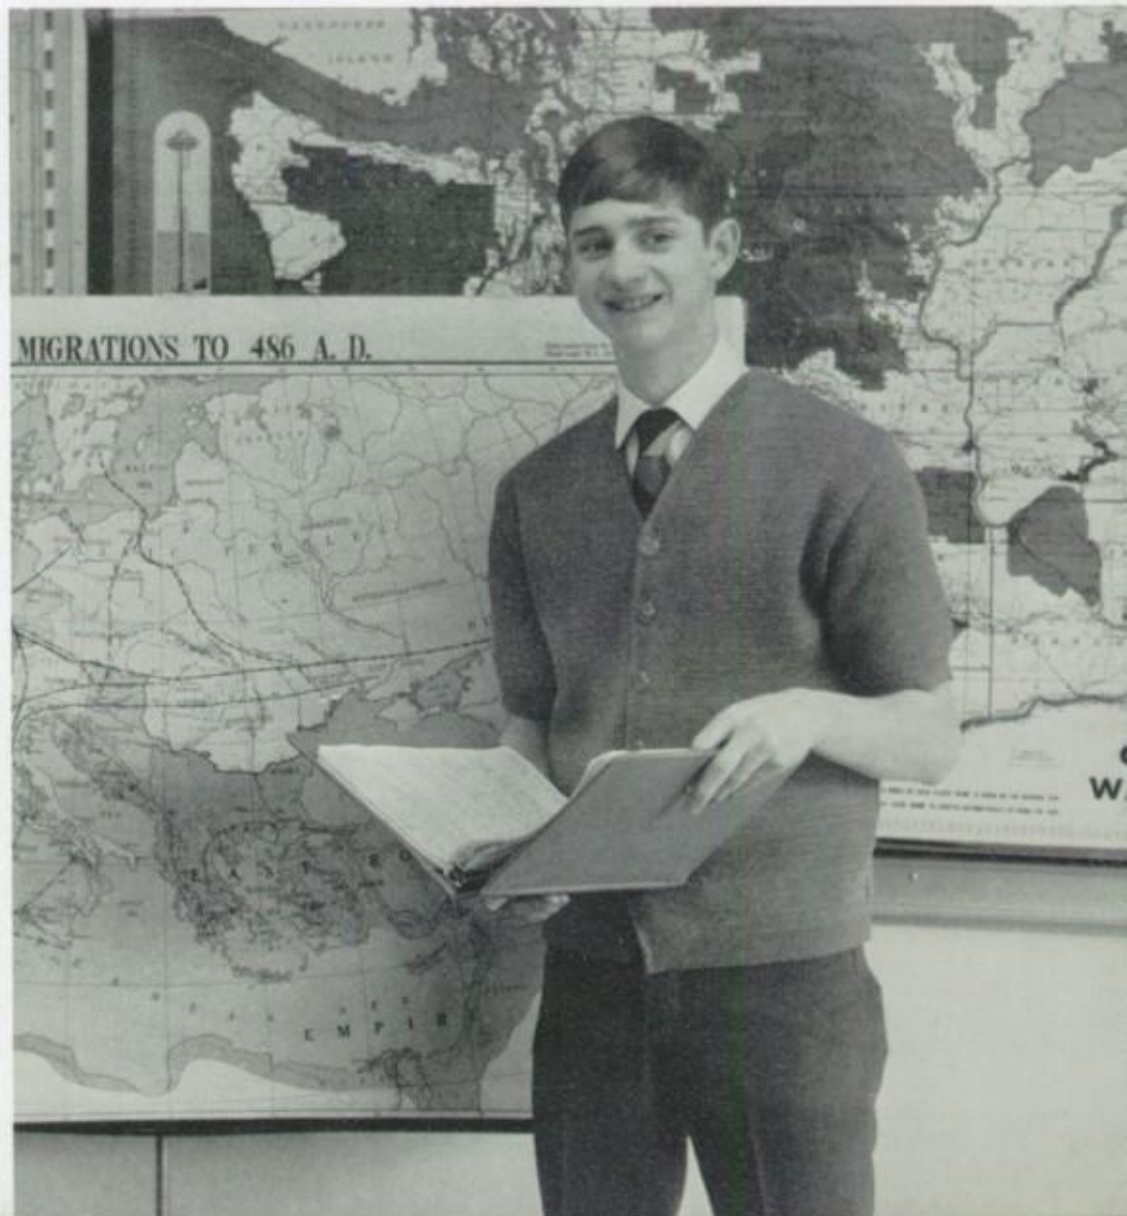

In April 1969 I was elected as 2nd Vice-President of Region IV for the Future Homemakers of America. In July, I attended the National FHA Convention in Ft. Collins, Colorado. Also I attended three executive council meetings during the year where I was chairman of choosing the State Honor Chapters. I was responsible for the installation of the new State Officers, and served on the leadership and election committees. My 1969-1970 term of office has consisted of many opportunities and left me with many friends.

Paula Wheeldon

TWO SENIORS REPRESENT WASHINGTON FOR STUDENT COUNCIL AND FHA

I represented Washington at the 33rd Annual Conference of the National Association of Student Councils. I joined with other state delegates in a week of discussions, workshops, and inspiring speeches. The conference took place at Baltimore, Md. and included tours of New York and Washington, D.C.

ADVISOR
Mrs. Widman

This year the F.T.A. was very active. First we saw a movie to help us better understand the testing system in our schools. In January Bruce Allert showed us his slides from Europe. The Counselor, Mrs. Evans, told us about counseling for a profession and its rewards. In April we visited Joel E. Ferris High School to observe their modular system. As in past years the Juniors and Seniors observed and taught in the grade school. To finish off the year we arranged for a foreign student to speak before the A.S.B.
